Made by

Greenlam
Industries Limited

YOUR DÉCOR PARTNER

Greenlam Industries has been a hallmark of exceptional artistry and innovation. It is India's No. 1, Asia's largest and among the top 3 brands in the world offering surfacing solutions spread across laminates, compacts, veneers, engineered wooden floors and doors. With the presence in more than 100 countries, Greenlam is carrying its innovation and artistry forward, with Decowood Premium Veneers. Greenlam Industries introduced Decowood Veneers in 2002 which is currently India's largest selling decorative veneers brand in the country and has been celebrating the best in wood by turning it into art for you home.

Decowood veneers offers

- Natural – Teak – Engineered – Noirwood
- Only the finest wood is selected and sourced from around the world
- Quality, above all else. Our state-of-the-art manufacturing plant with capacity of 4.2 million square meters of veneer sheets is the largest plant of veneers in the country complying with all quality standards.
- Apart from the standard sheet size of 4ft.x8ft., Decowood offers specialised dimension like 4ft.x10ft.; 3ft.x7ft. for paneling applications and door.

DISTRESSED

It's a collection that will outshine all other works of art with its rustic and rugged character. Crafted keeping in mind their natural imperfections and with a little touch of the ADT technology to enhance these rich texture and lustre of the wood, the Distressed Veneers Collection have been designed to evoke a sense of aestheticism and character to your living spaces. And with Decowood introducing this collection to India for the first time, this is one thing that could best be

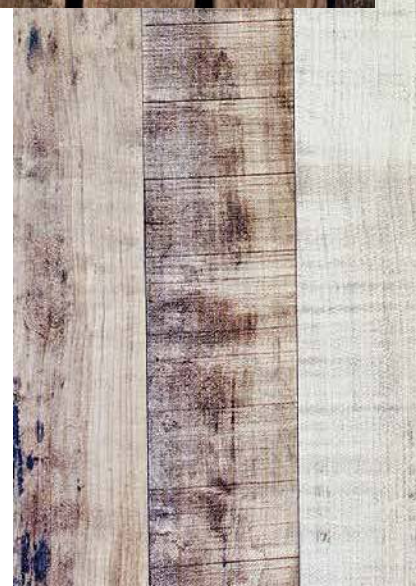

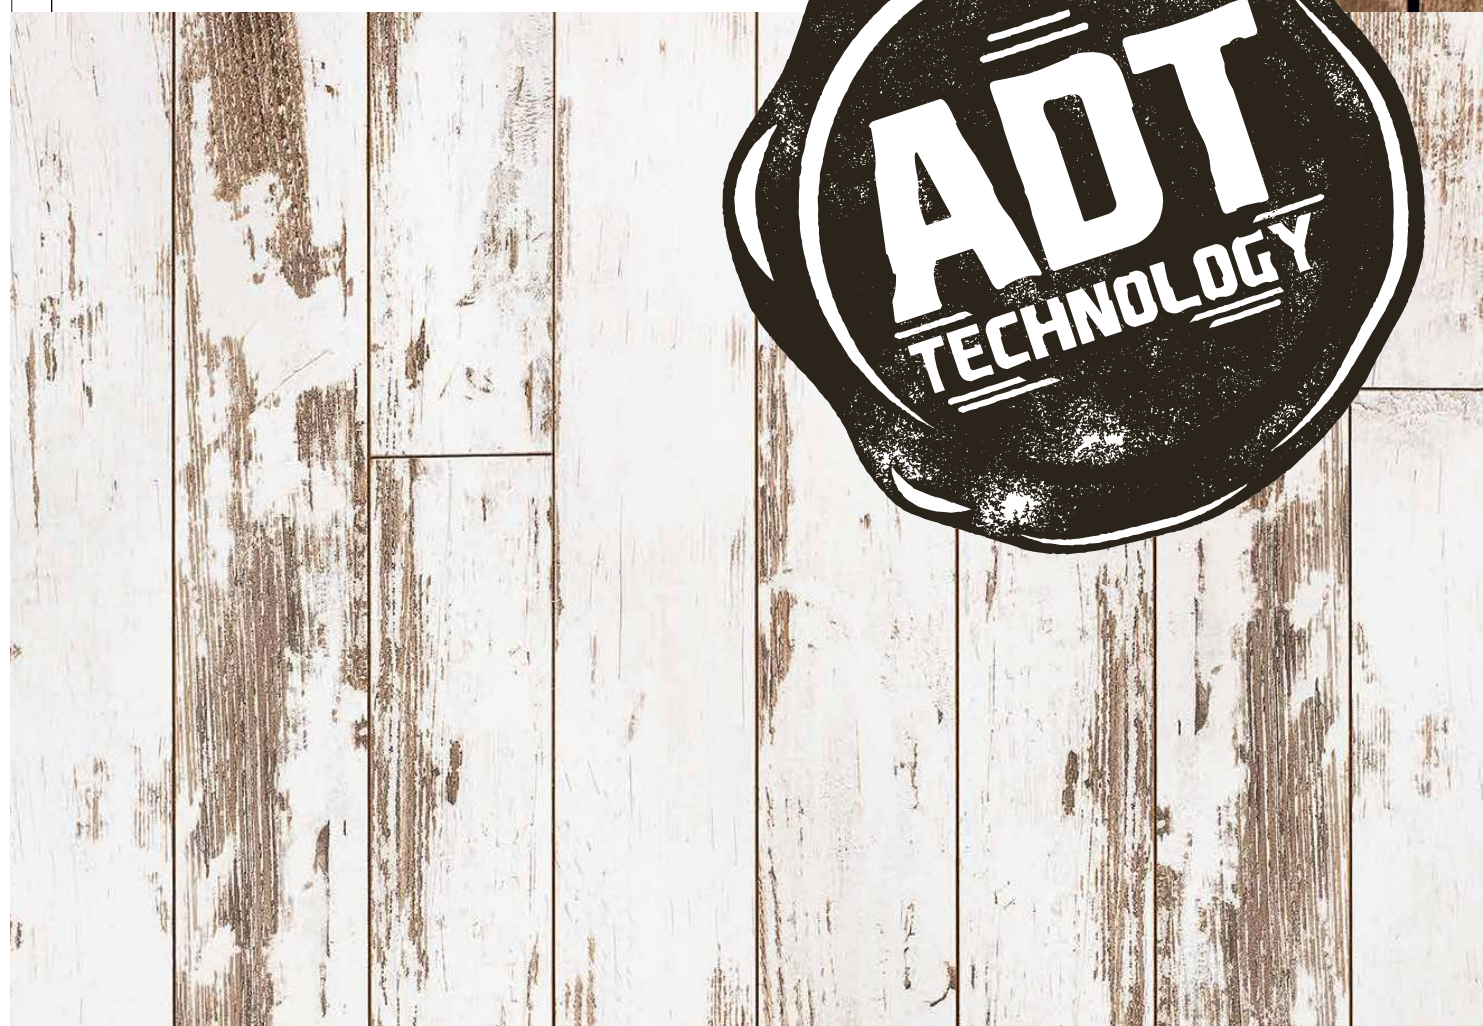

described as Mother Nature's signature gift to your home.

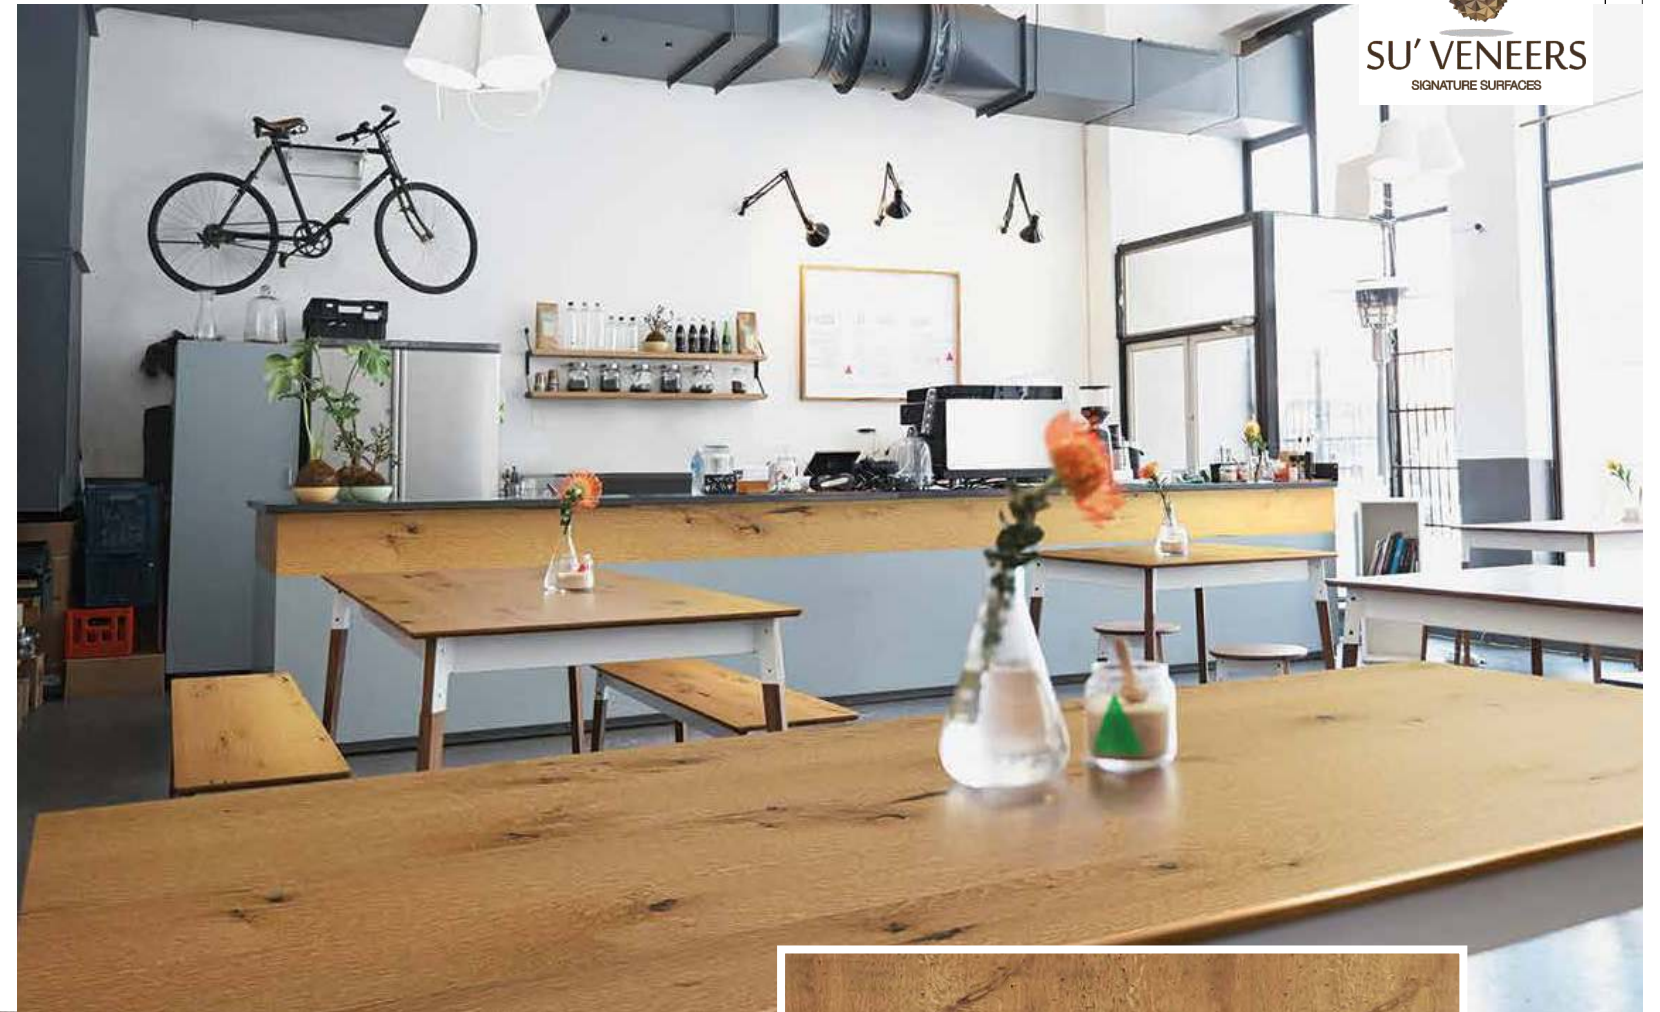

SU' VENEERS
SIGNATURE SURFACES

Distressed Veneers are crafted from natural wood combining state-of-art ADT technology to create aged, textured and distressed veneers. The ADT Technology helps enhance the natural imperfections in different types of wood which stands true to its nature. This means that no two veneers look identical, making every distressed veneer strikingly unique. So much so that even the most minute details come alive to transform the interiors of your home into a majestic palace.

OTHER OFFERINGS

NATURAL | TEAK | VENEERED LAMINATES | FLEXIBLE VENEERS | PERFECT 10 | MDF VENEERS

▲ THE BEST OF NATURE

It creates a unique natural look in any project. The intricate grain, rich colours, warmth, beauty and individuality of natural wood veneer, is unsurpassed by any other natural material.

▲ THE ELEGANCE OF TEAK

A symbol of luxury and elegance, no other wood compares to it in its durability, stability and low maintenance. Decowood teak veneers have golden brown lustre, beautiful grains and everlasting appeal.

▲ INNOVATIVE VENEERED LAMINATES

Finished with special craft paper, these veneers can be bent into a curve of 8cm radius and can be rolled and glued onto any shape of furniture. Furthermore, this awe-inspiring collection is unrivalled for its exceptional texture and exquisite quality.

▲ VENEERED MDF PANEL

A revolutionary product for the interior panel and furniture industry, veneered MDF panel is produced by pressing natural decorative veneer directly on the MDF panel with the patented MITT Technology, exhibiting nature's real wood art in the form of natural veneer and the versatility of MDF.

▲ EXPERIENCE THE MAGIC OF PERFECT 10

The best of 10ft. veneers available in the country. Drape your world seamlessly from floor to ceiling, giving a flawless finish to your interiors.

▲ LET YOUR IMAGINATION FLY. FLEXIBLE VENEERS

These veneers are finished with a technique called 'Fleece Backing'. They are flexible enough not to restrict your imagination like traditional veneers. Go ahead, experiment with your ideas.
