V GROOVE

V Groove effect is specially colored to give the entire floor the same feel & look.

PRODUCTION

One of the largest manufacturing lines in the world for laminate flooring under one roof.

ABOUT US

Royale Touche luxury laminates offers some of India's finest high pressure and compact laminates and is a pioneer of luxury laminates in the country. It was started in 1978 in Wadhwan City, Gujarat. It was founded on the idea that a laminate is much more than an invisible background. It is a resilient, flexible product that has unlimited potential in surface décor. They not only reinvented the way laminates looked, but also the way people look at laminates.

They gave the laminate a complete make over with finishes and colours like never before. Suddenly the laminate was no longer just an economical, hard-wearing counter top, but a surfacing product that had texture, unparalleled designs and most importantly; character. They featured rich, luxurious designs that added aesthetic value to interiors. They weren't just products made for architects, interior designers and end-users, but made in collaboration with them. This helped the company to create application-based collections that made it easy to match a Royale Touche laminate to the theme or colour scheme of one's room.

Each Royale Touché laminate is designed to deliver exceptional style and quality. Our laminates are manufactured at world-class facilities equipped with imported machinery from Spain and Italy. Products are created with imported design papers made from highly stable and resistant pigments which guarantee longevity and ensure that the product looks great after years of wear and tear. Each factory maintains a stock of 1500 SKU in order to achieve our 48 hour delivery promise.

Our high pressure laminates are available in over 750 designs, 100 realistic textures and 3 sizes (8x4, 10x4.25, 12x6). These products are conducive to both vertical and horizontal applications including furniture, laboratories, medical instrumentation, bathroom cubicles, exterior facades & outdoor furniture. They also perform exceptionally well in high traffic areas such as hospitality, office spaces, healthcare, retail and commercial spaces.

OUR VISION

Our vision is to change the way laminate surfaces are perceived by users all over the world. We envision becoming pioneers of modern laminates with innovation and aesthetic properties at the forefront.

OUR MISSION

At Royalé Touché our endeavor is to bring newness and positive change to everyday life. One way of doing this is by introducing a new product every 4 days. We do not believe in resting on our laurels; we strive for greatness every day and every second.

CORE VALUES

- **Commitment**
We are committed to delivering great products and services, as we know our actions impact many lives within and outside our organization.
- **Integrity**
We promise to deliver only the best quality products to our client; never compromising on raw materials or procedures to deliver a "Royale" product.
- **Innovation**
We will never stop burning the midnight oil when it comes to innovating better and more feasible products for the users, who have shown immense trust in us.
- **Teamwork**
We completely understand this is not a one-man job. It is a collective effort of our leaders, employees, associates and our customers. We are committed to working towards the mutual growth of everyone associated with our organization.

Royalé Touché for the 1st time in India introduces its entire range of extremely High Definition Digital Designs printed on the 1st PALIS 2250 machine in the world. These designs from Schattdecor Germany have an unprecedented sharpness of 1200 dpi (dots per inch) which provides a life like picture of the landscape. The inks used have the highest international standard of 6 on the blue wool lightfastness scale which prevents fading even after years of use.

Notice: All the decors shown in the catalogue, are decors with Copyright Schattdecor, Germany & no other party is allowed to copy or reprint the same. Printing, copying or stocking of the same, without permission of Schattdecor is a punishable offence.

EDGE BANDING

Ingenious ideas
for excellence
Strips that
add splendor

Technical Specifications

Edge Banding, is the name of both a process and an associated narrow strip of material used to create durable and aesthetically pleasing trim edges during carpentry finishing.

There is a possibility of wear & tear of the laminate materials, especially at edges, which is a bit detrimental. But fortunately, this is taken care of with fine finesse with edge banding strips, making it a seamless finish. Edge banding is used to cover the exposed sides of materials such as plywood, particle board or MDF, increasing durability and giving the appearance of a solid or more valuable material.

EDGE BANDING - SEAMLESS FINISH

ROYALE TOUCHE is proud to introduce in conjunction with REHAU (a leading German manufacturer) for edge banding materials to provide seamless finishes for all your furniture needs. Please note that the recommended REHAU edge banding strips against corresponding ROYALE TOUCHE designs are a very close match and complement one another, rather well! A visual matching before application is recommended.

• DISCLAIMER

Please note that availability, quality & supply of edge banding strips is the sole responsibility of REHAU & its trade partners.
